

sahibinden.com

The address for classifieds and online shopping

Press Release

sahibinden.com is the 3rd fastest growing technology company in Turkey

sahibinden.com has ranked 3rd place among 50 fastest growing technology companies in Deloitte Technology Fast50 program

With “The address for classifieds and online shopping” motto, becoming Turkey’s most preferred web site in its area, “sahibinden.com” has ranked 3rd place in Deloitte Technology Fast50 Turkey 2010 program in which Turkey’s fastest growing technology companies are evaluated.

sahibinden.com’s CEO Burak Ertaş noted that the strong link with their users and investments to improve the quality of the services is the key behind the dramatic growth. He added “As sahibinden.com we are about to complete our 10th year in a sector which is still young all around the world. Our primary power is our users. We have transformed www.sahibinden.com to an evolving platform with the feedback and energy we get from them. I would like to thank our users and sahibinden.com team who made this possible. We will continue to improve our system and provide new innovative services, investing on infrastructure and software.”

Companies who desire to participate to Deloitte Technology Fast50 Turkey 2010 are requested to have their headquarters in Turkey and to be a “technology company”. Within the program companies who gain most of their activity revenue from technology or who allocate an important part of their revenue for technological research and development are classified

as “technology companies”. www.sahibinden.com is now qualified to take its place in the ranking of Deloitte Technology Fast500 EMEA on 25th of November in London.

About sahibinden.com

Founded in 2000 by Aksoy Group, sahibinden.com hosts over 1.8 million active listings and has 17,5 million unique visitors that generate 1.5 billion page views per month. sahibinden.com is #9 in Alexa listing for Turkey, being the only e-commerce platform in Turkey top 10.
